I will try, but it will be late in the day on Wednesday. I am expecting to receive the revised presentation Wednesday afternoon. I should be able to send you at least an outline that day.

**Subject:** RE: March 11 Meeting Materials

Stephanie:

Can I get it Wednesday? We are having our preparation session Thursday morning....

This is an outline of the CPG's presentation:

- Objectives of the mapping
- Predictability of sediment contaminant concentrations
- Partitioning the river to account for geomorphological influences on concentrations
- Approach to LPR contaminant mapping

There may some changes.

Thanks

Rob

We are preparing a presentation as well. I plan to send it to you by Thursday.

Should we develop an agenda for the meeting, especially since both EPA and the CPG will be giving presentations?

Stephanie:

We are in the process of developing our presentation for next week and would like to address EPA's comments/questions on mapping to the extent possible. You said that your team was preparing last Friday - when can we see your comments/questions?

Thanks

R/  
Rob
